Dear SDS Estacio,

Makabatang Pagbati from Save the Children!

As part of the continuing implementation of PADAYON SA DOS MIL BAYNTE-SAIS and the transition of the Catch-Up Clubs (CuCs) Program to version 3.0, Save the Children Philippines, in close collaboration with the SDO Sarangani Reading Technical Working Group (TWG), respectfully invites you to the **Technical Curriculum and Materials Co-Design Workshop**, scheduled on **June 2-3, 2026 from 8:00 AM to 4:00 PM**.

This two-day workshop aims to support the development of a **coherent, inclusive, and context-responsive Catch-Up Clubs curriculum** that is aligned with DepEd standards and responsive to the needs of struggling readers in Sarangani.

Specifically, the workshop aims to:

- Collaboratively review existing SDO Sarangani reading resource materials;
- Support systematic grade-leveling and sequencing of reading content aligned with assessment frameworks;
- Integrate inclusive education principles and climate adaptation considerations into CuCs curriculum and materials; and
- Identify priority materials, curriculum structure, and next steps for pilot testing and integration into CuCs implementation.

The workshop will bring together members of the SDO Sarangani Reading TWG, DepEd teachers, and Save the Children Philippines representatives. It will combine short technical inputs with guided small-group co-design sessions and plenary synthesis, culminating in action planning.

To optimize resources, the activity is proposed to be held at the **Save the Children – General Santos City Office conference room, Dadiangas North, General Santos City**, subject to availability.

We are requesting that the participation of **your office and designated representatives**, whose technical expertise and insights are vital to ensuring that Catch-Up Clubs Version 3.0 is **instructionally sound, inclusive, and locally relevant**.

We respectfully request the issuance of a Division Memorandum to allow the participation of the following representatives:
