SUBJECT : **CONDUCT OF LEARNING RESOURCES MONITORING  
AND EVALUATION: VALIDATION OF INVENTORY AND  
DELIVERY OF LEARNING RESOURCES**

DATE : **October 5, 2026**

Pursuant to the approved Activity Request No. AR-2026-CO-01889 dated July 8, 2026 for the Conduct of the Learning Resources Monitoring and Evaluation (LR M&E) 2026 Cycle Phase 1: Validation of Inventory and Delivery of Learning Resources (VALID-LR), and the Joint Memorandum dated August 3, 2026 signed by Undersecretary Fatima Lipp D. Panontongan and Undersecretary Carmela C. Oracion on the utilization of Program Support Funds (PSF) for the purpose, the Bureau of Learning Resources (BLR) shall conduct the Inter-Regional monitoring deployment in all Schools Division Offices (SDOs) for School Year 2026-2027. This forms part of the Bureau's continuing field validation and monitoring functions, particularly in the field delivery and inventory validation component of the LR M&E 2026 Cycle, and shall follow the attached Inter-Regional Monitoring Deployment Schedule (Annex A) and Schedule of BLR Monitors (Annex B).

The deployment shall be implemented as a monitoring program of the BLR intended to provide immediate field-based validation, operational monitoring, and rapid evidence gathering of all the deliveries as encoded in the Learning Resources Management Information System (LRMIS) and all other inventory records available, considering the scale, operational complexity, recency of deployment, and logistical requirements involved in the distribution, handling, storage, and inventory management of the said learning resources. The conduct of monitoring shall likewise cover other applicable learning resources present within the identified SDOs, including textbooks, teacher support materials, learning tools and equipment, and related learning resource packages prepared for school utilization.

This activity aims to:

- Validate the status of delivered learning resources in all division offices, as part of the operational database of the LRMIS and all other inventory mechanisms for LR provisions;

- b. Check the readiness of inventory, warehousing, and distribution arrangements;
- c. Determine whether delivered resources are well positioned for school needs relative to requests, interventions, class disruptions, and other such activities; and
- d. Identify operational concerns requiring immediate coordination or technical assistance.

All LR Education Program Supervisors (EPS) or their designated alternates shall monitor an assigned division outside of their region, to enforce a more valid and unbiased validation. BLR monitors shall likewise accompany the monitoring in selected divisions per region, identified to capture a range of encoding coverage levels and geographic conditions, including island divisions, geographically isolated areas, highly urbanized settings, and varying logistical conditions affecting learning resource deployment and utilization.

In this regard, the concerned Regional Offices are requested to:

- (a) identify participants for this activity, preferably designating LR EPSs as monitors and LRMS personnel and supply officers as hosts;
- (b) endorse the incoming monitors from other regions to their assigned SDOs and ensure their access to storage areas and delivery documents for the conduct of the validation;
- (c) register the names of their identified monitors through [bit.ly/RegLRME2026VALID](https://bit.ly/RegLRME2026VALID) for updates and administrative arrangements, including the online orientation for the scheduled inter-regional visits; and
- (d) attend the online pre-monitoring orientation (schedule and access link to be sent to registered participants).

The SDOs shall serve as co-hosts of the monitors from other regions, and of the BLR monitors in the divisions identified in Annex B, following the schedule in Annex A.

Where the number of monitors does not match the number of SDOs in the host region, the ROs may adjust their deployment to ensure that all SDOs in the assigned schedule are covered, either by designating additional monitors from among the librarians, Project Development Officers (PDOs), or other personnel as the RO deems appropriate, or by assigning two (2) monitors to the larger divisions when the monitors outnumber the SDOs.

Funds to cover the travel of monitors and the hosting augmentation were downloaded to the ROs as PSF. The ROs may further download the corresponding PSF to the SDOs to augment the hosting and monitoring requirements, as provided in the Joint Memorandum.

The ROs and SDOs are given flexibility in the utilization of the PSF for the purposes enumerated in the Joint Memorandum, including other activities that support the strengthening of LR data integrity, subject to existing budgeting, accounting, auditing, and procurement laws, rules, and regulations.

ROs and SDOs may likewise use available local funds, and, where allowed, balances from previously downloaded LR-related funds whose authorized purposes cover

monitoring activities, subject to existing budgeting, accounting, and auditing rules and regulations.

Further coordination on schedules, validation activities, and technical requirements shall be undertaken directly by the concerned BLR personnel.
